Safe Schools Act Student Discipline Enrollment Information

Date _____

In accordance with the Missouri Safe Schools Act of 1996, this district requires that parents provide criminal and school disciplinary information. To implement that law, this district's Board policy requires that the following questions be answered by parents/legal guardians enrolling students.

Student Name _____ Grade _____

Date of Birth _____ Social Security # _____

Parent/Legal Guardian _____

Address of Parent/Legal Guardian _____

1. Is the above student presently under suspension or expulsion from another school district? YES NO

If yes, please describe _____

2. Has the above student been convicted or charged with any of the following crimes: Please check all that apply and indicate offense.)

- 1. First degree murder under #565.020, RSMo
- 2. Second degree murder under #565.021, RSMo
- 3. First degree assault under #565.050, RSMo
- 4. Forcible rape under #566/030, RSMo
- 5. Forcible sodomy under #566.060, RSMo
- 6. Robbery in the first degree under #569.020, RSMo
- 7. Distribution of drugs to a minor under #195.212, RSMo
- 8. Arson in the first degree under #569.040, RSMo
- 9. Kidnapping, when classified as a class A felony under #565.100, RSMo

In accordance with #167.171, RSMo no student may be readmitted or enrolled in the school who has been convicted of or charged with an act which if committed by an adult would be one of the above. Nothing in the law shall prohibit the readmittance or enrollment of any student if a charge has been dismissed, or when a student has been acquitted of any of the above offenses.

I attest that all the above information is correct and true:

User Agreement and Parent Permission Form

As a user of the Hickory County R-1 Schools computer network, I hereby agree to comply with the rules stated below – communicating over the network in a reliable fashion while honoring all relevant laws and restrictions.

As outlined in Board Policy 6320 copy of which is available in school offices “The Board of Education recognizes that it is important for students to have access to electronic-based research tools and to master skills for their application to learning, problem solving, production of work, and presentation of information. The Board also recognizes that while these resources represent extraordinary learning opportunities and enriching educational materials, they also offer persons with illegal, immoral or inappropriate motives avenues for reaching students, teachers, staff, parents/guardians and members of the community. Additionally, these resources present tempting opportunities for users to explore areas that are either confidential, have restricted access, are inappropriate or are disruptive to the classroom or workplace. It is the purpose of District policy and regulations to outline acceptable student and employee behavior with respect to use of District technology and electronic resources.”

Access to electronic research requires students to maintain consistently high levels of personal responsibility. The following rules clearly apply to students conducting electronic research or communication: System users are expected to be polite. They may not send abusive, insulting, harassing, or threatening messages to others. - System users are expected to use appropriate language; language that uses vulgarities or obscenities, libels others, or uses other inappropriate references is prohibited. – System users may not reveal their personal addresses, their telephone numbers or the addresses or telephone numbers of students, employees, or other individuals during E-mail transmissions. – System users may not use the District’s electronic network in such a manner that would damage, disrupt, or prohibit the use of the network by other users. – System users should assume that all communications and information is public when transmitted via the network and may be viewed by other users. The system administrators may access and read E-mail on a random basis. – Use of the District’s electronic network for unlawful purposes will not be tolerated and is prohibited.

The use of District technology and electronic resources is a privilege, not a right, and inappropriate use will result in the cancellation of those privileges

Student Signature

As the parent or legal guardian of the minor student signing above, I grant permission for my son or daughter to access networked computer services such as electronic mail and the Internet. I understand that individuals and families may be held liable for violations. I understand that some materials on the Internet may be objectionable, but I accept responsibility for guidance of Internet use – setting and conveying standards for my child to follow when selecting, sharing or exploring information and media.

Hickory County R-1 Schools

Dear Parent and Community Member,

“Extracurricular events” are those events/activities that do not fall within the scope of the regular school curriculum, and for which students do not receive credit, but are officially recognized and sanctioned by the School Board. **Participation** and **attendance** to extracurricular activities is considered a privilege, not a right, and students wishing to participate or attend are required to meet standards of personal behavior and academic performance. When representing Skyline Schools, the general appearance, dress, and conduct must be such as to bring credit to the group, the school, and the community. The privilege of participating or attending extracurricular activities carries the responsibilities of setting good examples at all times, on and off the campus.

The extracurricular events are intended to be a positive experience while in support of our students as they strive to remain free of all drugs, alcohol, and tobacco, as required by state law along with other citizenship requirements. According to Missouri State High School Athletic Association, citizenship requirements are as follows, “*Students who represent a school in interscholastic activities must be creditable citizens and judged so by the proper school authority certifying a list of students for competition. Those students whose character or conduct is such as to reflect discredit upon themselves or their schools are not considered “creditible citizens.” Conduct shall be satisfactory in accord with the standards of good discipline. Each individual school has the authority to set more restrictive citizenship standards and shall have the authority to judge its students under those standards*”.

Extracurricular Activities Include:

- * Academic Teams
- * Archery
- * Band
- * Baseball
- * Basketball
- * Cheerleading
- * Choir
- * Drama
- * Future Business Leaders of America (FBLA)
- * Family, Careers and Community Leaders of America (FCCLA)
- * Future Farmers of America (FFA)
- * Football
- * Softball
- * Student Council
- * Track
- * Volleyball

**Signature required for student participation in extracurricular activities.
Please return to school principal’s office.**

Dear Parents/Guardians:

Access information for the Lumen Parent Portal is available upon request. Please call your child's building office to request the information. If you are familiar with the Lumen Parent Portal by having accessed it in the past you are good to go, all of your login information WILL BE THE SAME, unless your child has changed buildings. The location grid is as follows: Elementary – 5; Middle School – 4; High School -3.

A couple of things I would like to remind you of:

- 1.) If you are a previous user of the portal and you have forgotten or misplaced your login information and have changed your password, your password will show as [Encoded] on the letter, you will continue to use whatever password you set, however if you cannot remember what it is, contact me and I can reset it, this system will not retrieve passwords so there is no way to know what your password is at any time.
- 2). If you are a first-time user, Lumen will work with Internet Explorer, however it does work better with Mozilla as your browser, you can download it for free by going to “getfirefox.com”. Sometimes there is an issue with the URL address listed on your letter, if it doesn't get you to a login screen, please type this address in your browser bar: “<https://204.187.197.250>”, or you may also access the Lumen Portal through a link on our school website, “skylineschools.net”. You may also receive an error regarding the expired certificate, please proceed anyway, get the certificate and confirm the exception.

If all else fails, please contact me and I will try to help resolve your issue. Thank you for using the parent portal and feel free to contact me with any questions.

Dear Parents/Guardians,

The goal of our office is to provide your child a basic school health service program. This service is not meant to replace the care your child receives from your regular doctor or clinic but will provide:

- Basic emergency and first aid care (band aids, wound cleaning, injury assessment, etc)
- Administration of medications to your child with a doctor's order and your signed request. **(Note: According to Missouri State Law, students are prohibited from carrying any prescription or over the counter medications with them or on school premises. Students with asthma, anaphylaxis or any potentially life threatening respiratory illness may carry "rescue" medications with them, after demonstrating proper use in the Health Office. Parent, physician and school nurse must document permission or provide documentation of compliance)**
- Screening exams for vision, hearing, speech, dental and spinal problems. We will assist in any way possible to find medical professionals to further evaluate/correct any problem(s) discovered.
- Health information for you and your child.
- Health care plans for students with special needs, developed with students and parents.
- Maintain immunization records.
- Additional health education based on a risk assessment regarding healthy lifestyles, nutrition, personal hygiene, injury prevention and personal safety.

Our health service program is voluntary. You may withdraw permission, in writing, at any time. If you want your child to receive these services, please sign and return this form to the Health Office.

I give permission for _____ to participate in the school health program. I understand the purpose of the program and agree for my child to receive the above services EXCEPT FOR:

By my signature below, I attest all information provided on this form to be true and accurate. I hereby give permission for Health Office staff to administer the medications I have indicated on the front of this form as needed. I agree I will update Health Office staff regarding any health or medication changes my child may experience throughout the course of the school year.

Parent/Guardian Signature: _____ **Date:** _____

RE: Administration of medication during school hours

While we recommend that medication(s) be administered at home whenever possible, we understand there will be some students who will need to receive daily or as needed (PRN) medications during school hours. Therefore, we are providing the following information regarding medications at school:

Prescription medications:

1. All prescription medications must be in a container with a current pharmacy label including the child's name and dosing instructions. We WILL NOT give a child a prescription medication without it being prescribed specifically for them.
2. A prescription medication form must be completed. It requires your signature as well as the prescribing physician's signature. We will be happy to fax this to your physician in order to obtain their signature.
3. Any time your child's medication dosing changes or stops, we will need a new signed order from your physician. This ensures we are giving your child the medication as their physician requested and provides documentation for future reference as needed.
4. Medication should be brought to the Health Office by a parent/guardian, NOT sent with your child. This ensures we receive the medication as well as protects your child and every child with which they come in contact. If you are unable to personally deliver the medication, you may give it to your child's bus driver and they will bring it to the Health Office.
5. Any extra medication will need to be picked up from the Health Office at the end of the school year or when the medication is stopped. Any unused medication which is not picked up will be destroyed.
6. Due to the frequency of changes made to children's medications, new forms must be filled out at the beginning of the year or anytime a new medication is started.

Over the Counter (OTC) medications:

1. All OTC medications must be in the original manufacturers packaging.
2. We will ONLY give medications as directed on the manufacturers packaging. If your child does not fall into the guidelines (age, weight, etc) we WILL NOT administer the medication. The only way an exception will be made is with a written physician's order.
3. An OTC medication form must be completed. It requires your signature, indicating how, when and why you would like the medication given.
4. If there is a change in your child's health, requiring a change in the use of OTC medications, please advise the Health Office in writing.
5. Medication should be brought to the Health Office by a parent/guardian, NOT sent to school with your child. This ensures we receive the medication as well as protects your child and every child with which they come in contact. If you are unable to personally deliver the medication, you may give it to your child's bus driver and they will bring it to the Health Office.
6. Any extra medication will need to be picked up from the Health Office at the end of the school year or when the medication is stopped. Any unused medication which is not picked up will be destroyed.
7. A new OTC medication form must be completed at the beginning of the school year if your child needs to continue to take the medication.

If you have any questions or concerns, please feel free to contact the Health Office.

Thank you,
Michele Edwards, RN
Terri Keller, Nurses Assistant
